PORTSMOUTH, N. H., Aug. 26 .- You cannot make your proud, genuine Portsmouther believe that the prospects for peace are anything but brilliant. The wish is father to the thought. The backstairs conference, which hankers to get back to Washington, New York or Paris, believes that every meeting is going to bring the break. Portsmouth, which wants the peace named after the town, can see only peace.

"The treaty of Portsmouth"-why even Washington would be proud of giving its name to a treaty like this.

Portsmouth has a good unofficial reason for the faith that is in it. Wherever history is making, Portsmouth manages to tear off its share. Its luck is wonderful. In the revolution they built the Ranger here, and Paul Jones sailed his all-victorious fleet from the harbor of Portsmouth. In the War of 1812 this was the main station for fitting out the American navy. The War of 1812 was a naval war, as every one knows, so that Portsmouth gets the lion's share of the glory. Portsmouth didn't score very heavily in the Mexican war, but then that was an unjust imperialistic war anyway and utterly unworthy of the help of New England.

In the civil war Portsmouth was the

muster place for the Yankee troops from this part of the country. Here when the war began foregathered the Second New Hampshire Regiment, commanded by Col. Gilman Marston, who was afterward the most bestoried general officer in the Union army. It was he who was once approached by his chaplain, a Baptist, who told him that a rival regiment had just gone through a great revival. The chaplain thought that there should be an awakening in their own regiment. "Damn 'em, there will be," said the General, and forthwith ordered a detail out to be baptized. Gen. Marston once refused to put his troops aboard a transport, saying that he brought the Second New Hampshire out to fight and not to drown. The Kearsarge was built Portsmouth. The Union army with Gen. Marston's aid won the war. The

federate navy. Portsmouth luck again. You wouldn't think that Portsmouth would get into a little affair like the Spanish war, fought by regulars and rough riders away down in Cuba, but she did. For it was to her that they brought the Spanish naval prisoners. The United States won the Spanish war in a walk. Portsmouth

Kearsarge smashed the terror of the Con-

In the face of this evidence it is utterly inconceivable to the Portsmouth mind that this conference should not result in peace and that the peace should not be named after the town. To deny this would be to assert that Portsmouth's historical luck has taken a total flop.

A SKETCH OF CONTRASTS. A little debate in the palm garden to-day set us talking and thinking of the serious affair at which we are assisting here. It is hard to remember that the bargain is for a treasure so big as to be past imagination. for the future of nations, that upon is issue hangs the possibility of 100,000 tragedies in the paper houses of Nippon and the huts of Muscovy. Regiments guard this, too; the splendor of the East with the military display of the West.

Here in Newcastle, N. In the immediate background are impromptu dances, bridge whist tournaments. the floss, frivolity and flirtation of a summer hotel. In the less immediate background are two quaint sleepy and friendly New England towns. For pomp and parade there are five marines, who sit by the gate of the Kittery yard. When the corporal in command sees the automobiles of the envoys coming he says, "All out you," and the marines fall in and salute, if the chauffeur isn't too fast for them. There are also, six Secret Service men in straw hats and an automobile buckboard and one gentleman in white fiannels and a yachting cap, who represents the majesty of the State Department and goes shead to make arrangements. If these aren't contrasts the back stairs conferees won't take a cent.

Early this morning, after pounding the keys of his ypewriter in virtuous indignation for some time, he stopped, pulled the following letter out of the machine, and sent it down to police headquarters.

Police Commissioner Lewis: "Should any attempt be made to open any poolrooms in this village, I herety request that you take prompt measures in

"JAMES D. McNulty," V. P." As the famous whitehouse near the racetrack has been running wide open all summer it would seem that the head of the village government has been suffering from the same variety of gambling blindness that has afflicted all the officials in the village dur-

BELLEVUE AMBULANCE WRECKED Caught by a Car and Dragged on Two A Bellevue ambulance in charge of Driver

William Smith and Dr. Mackenzie was clanging upBroadway yesterday afternoon, responding to a call to the West Fifty-third street prison, when it met a southbound rubberneck wagon loaded to the gunwales and a northbound trolley car at Thirty fifth street. Both stopped to allow the ambulance to pass between, but the motor man started his car before the ambulance

had got by.

The car fender and the right front wheel of the ambulance locked, and for thirty feet the car dragged the ambulance on its left wheels and tilted at a perilous angle. At a moment when the ambulance was on the point of going over the doctor leaped to the opposite side and the vehicle regained its balance.

When the car finally stopped the front axle of the ambulance was found to be broken. A call was sent to Bellevue for another and a wagon to tow the injured one GIRL GOES TO OLD MAN'S AID.

Drags H Im Out of Ru naway's Path ance Is Not Badly Hurt.

Robert Schalkenbeah of 201 West 120th street, driving in a runabout along Central Park West last evening, turned the horse so sharply into Seventy-second street that a trace broke. The animal dashed at ful speed toward the river and at Columbus avenue swung the runabout against Louis S Mack, an infirm man of 68 who lives with his wife, a sister of Al Hayman, at 102 West Seventy-secodn street Mr. Mack sustained a scalp wound and

was made unconscious. His injuries would have been much more severe had it not

have been much more severe had it not been for aid promptly rendered by Miss Catherine Lawrence, 17, who lives at 104 West Seventy-second street.

Miss Lawrence noticed the horse bearing down upon the old man before he was aware of his danger. Darting to him, she took hold of his arm and pulled him far enough from haim's way so that the horse missed him. With the aid of Thomas Bell, of Riverside Drive and Seventy-second street, Miss Lawrence then carried him to a drug store.

The injured man was taken to Bellevue
Hospital. He was able to leave for home
after his wound was dressed.

EIGHT HUSBANDS AT 23. Marion Hepler Faced Two of Them to Philadelphia Court.

PHILADELPHIA, Aug. 26 .- Mrs. Marion Hepler, 23, and very pretty, faced two husbands in a magistrate's court to-day. The two testified that there were six other husbands to their certain knowledge. Mrs. Hepler's first matrimonial venture was in 1900, when she married Elmer P. Smith. Smith said Marion got tired and left him without getting a divorce. Soon after he saw an announcement of her marriage to another fellow. He heard of several husbands in the next three years. Finally Hepler found him and the two compared notes. Hepler figured that he was the last one any way, but he promptly had the girl arrested, charged with bigamy. Marion, who is pretty, wept bitterly. "Ah, let me have five minutes alone with him, Judge," she pleaded. "I'll guarantee the case will be settled."
"Don't you do it," oried Heplar, in panic. Marion went to prison for trial. Hepler's first matrimonial venture was in

LA SAVOIE NOT ADRIFT. Tug Left Her Because of Gale, but the Liner Is All Right.

The French liner La Savoie, which sailed have her intermediate port shaft, fractured on her last trip to this port, replaced by a new one, was left by her tug escort, the big obsangoing Nenparell, at 9 o'clock on Friday night at anchor near Fenwick's Island, off the Delaware coast. The Nonpareil belongs to the White Star Towing Company, and its superintendent, Albert J. Grant, said yesterday that the report from Norfolk that La Savoie was drifting

in the Gulf Stream was "foolish." She went away under her starboard engine, the tug acting more as a pilot than towboat, and there was no probability of her drifting any more than there was during the time she was finishing the last 400 miles of her voyage from Havre to Sendy

miles of her voyage from Havre to Sandy Hook, when she used her starboard engine only. Mr. Grant received this report from Capt. Charles Day of the Nonparell, which put into Norfolk yesterday morning:

"Left ship off Fenwick's Island at 9 P. M. Gale of wind. Leave for ship as soon as weather permits."

Naturally, the captain of Is Savoje did not want to take chances going down a coast that he knows little about unaccompanied by a pilot, and he anchored where Capt. Day would be able to pick him up to-day. The Nonparell is 150 feet long and one of the stanchest coesing ore hereabouts, so it is inferred that the gale that drave her into haven must have been unusually flerce. usually fierce.

A despatch from Norfolk last night said that at 5 P. M. La Savoie went slowly past Cape Henry on her way to Newport News.

HAIL BEAT HOGS TO DEATH. Remarkable Storm in Oklahema-Crops

Destroyed. GUTHRIE, Okla., Aug. 28 .- A destructive hailstorm visited western Oklahoma early to-day, doing extensive damage throughout Beaver county. The hailstones were of immense size and the storm came without warning. Sixty-three hogs belonging to ex-Sheriff Ed Hibbs were beaten to death. A heavy rain followed, flooding the Cimarron River and its tributaries. Fruit crops and young stock suffered greatly from the storm.
